

Local 351 Partners with Leeway Electric to Help Saint Joseph's Academy

15 members of IBEW Local 351 donated their time Saturday morning to install light fixtures at Saint Joseph's Academy in Hammonton. When Wayne Owsley, owner of Leeway Electric in Landisville requested help from Local 351 in this charity effort, Business Manager Dan Cosner immediately said yes. "Our members always step up to the plate in times of need" said Cosner. "I knew it wouldn't be a problem to find volunteers. We are always looking for ways to give back to the community."
